```

3.1.4

1.

2.

```
from cpgames import cpgames

game_client = cpgames.CPGames()
game_client.execute('ski')
```

3.1.5

1.

2.

```
from cpgames import cpgames

game_client = cpgames.CPGames()
game_client.execute('tankwar')
```

3.1.6

1.

2.

```
from cpgames import cpgames

game_client = cpgames.CPGames()
game_client.execute('flappybird')
```

3.1.7

1.

2.

```
from cpgames import cpgames

game_client = cpgames.CPGames()
game_client.execute('trexrush')
```

3.1.8

1.

2.

```
from cpgames import cpgames

game_client = cpgames.CPGames()
game_client.execute('towerdefense')
```

3.1.9

1.

2.

```
from cpgames import cpgames

game_client = cpgames.CPGames()
game_client.execute('catchcoins')
```

3.1.10

1.

2.

```
from cpgames import cpgames

game_client = cpgames.CPGames()
game_client.execute('aircraftwar')
```

3.1.11

1.

2.

```
from cpgames import cpgames

game_client = cpgames.CPGames()
game_client.execute('tetris')
```

3.1.12

1.

2.

```
from cpgames import cpgames

game_client = cpgames.CPGames()
game_client.execute('sokoban')
```

3.1.13

1.

2.

```
from cpgames import cpgames

game_client = cpgames.CPGames()
game_client.execute('alieninvasion')
```

3.1.14

1.

2.

```
from cpgames import cpgames

game_client = cpgames.CPGames()
game_client.execute('pacman')
```

3.1.15

1.

2.

```
from cpgames import cpgames

game_client = cpgames.CPGames()
game_client.execute('gemgem')
```

3.1.16 24

1.

2.

```
from cpgames import cpgames

game_client = cpgames.CPGames()
game_client.execute('twentyfourpoint')
```

3.1.17

1.

2.

```
from cpgames import cpgames

game_client = cpgames.CPGames()
game_client.execute('pingpong')
```

3.1.18

1.

2.

```
from cpgames import cpgames

game_client = cpgames.CPGames()
game_client.execute('breakoutclone')
```

3.1.19

1.

2.

```
from cpgames import cpgames

game_client = cpgames.CPGames()
